## CD/DVD Cleaning

We have two levels of disc cleaning/  
repair which we can perform. A basic  
cleaning is sufficient for most disks  
with dirt or light scratches. A deeper  
repair/clean cycle can remove deeper  
scratches on more badly damaged  
disks. Some disks cannot be repaired.  
We do not guarantee success. You  
are paying for our attempt, not our  
success. If a basic cleaning is not  
successful, you may request a deep  
repair/cleaning within 3 business  
days by paying only the difference  
in price.

Please note that the cleaning process,  
especially the deep cleaning, works  
by abrading some of the surface from  
the disc then polishing it. This process  
can be performed on a disk a limited  
number of times so it is best to take  
good care of your disks! Cleaning  
is undertaken at your own risk and  
the Downtown Fun Zone, Inc. is not  
responsible for any damage caused  
by the cleaning process.
