**Farewell Dear Friends**

### All the World's a Stage

By Evan Kramer

The Port Orford Arts Council had a sellout on its hands for the Complete Works of Wllm Shkspr (abridged) on Saturday night at the Community Building.

Over 200 people were on hand to welcome the FoxWell Production's version of this three-person play, which takes in all 37 of Shakespeare's plays. Starring in the production were Michael S. Fox as Michael, Victoria Weller as Victoria and Arthur Dingle as Arthur and Ozzie Nelson as Ozzie Nelson. The first of the plays the group tackled, once a little background on Shakespeare was given, was Romeo and Juliet and from there it was all uphill and outrageously funny. The company of three did a rap version of Othello and a version of MacBeth with extreme Scottish brogues. They broke for intermission when Art left the building rather than perform Hamlet and when the company resumed the play the second half was devoted to the Bard's most famous work about Hamlet, the Prince of Denmark. They pulled in a few audience members to participate and later got the entire audience in on the fun. And if you didn't get to see the play or

saw it and want more we have the DVD version enacted by the Reduced Shakespeare Company.

The evening began with the Green Show at 7:00pm. Arts Council President Stacey Romele invited people to come up on stage and perform poems, sing songs or whatever and she had several takers.

The Community Building has come a long way since a small group of volunteers led by then Arts Council president Susan Lincoln took a look around the building and decided to fix it up. They started by installing dry wall and from there with help from many individuals and community organizations replaced the side doors, painted the outside of the building, put in curtains, added eight feet to the stage thus making it possible for the Arts Council to sponsor the Foxwell Production's presentation of the Complete Works of William Shakespeare. There is now an impressive bank of lights for theater and other productions.

Thanks to the Arts Council and FoxWell Productions for a memorable evening out in Port Orford.

The Port Orford Chamber of Commerce threw a birthday party and potluck picnic for Port Orford on Labor Day at Buffington Park. Thanks to Chamber President Jay Stoler for organizing this event, bar-

becuing the tuna, and promoting this successful event. Jay had lots of help but the weight was on him and he pulled it off. Over 200 people partook of the potluck tuna barbecue with over 50 pounds of tuna served plus some tasty honey chicken and many other things to eat.

### Chuck Nordstrom Retires

Chuck Nordstrom is retiring for the second time and this time he means it. Nordstrom was given a going away party at Port Orford City Hall on Wednesday afternoon at 3:00pm. City councilors, planning commission members, city workers and members of the public attended the going away party and shared a piece of cake and a few words with Chuck.

Nordstrom worked for the Curry County Planning Department for 25 years, much of it as the County Planner. He retired from that job and then went to work for the City of Port Orford as their part-time planning director. The Planning Commission meets on the second Tuesday of each month at 7:00pm, in the city hall council chambers. Their next meeting is on Tuesday, September 13. The city planner is available at city hall on Wednesdays and Thursdays from 1:00-4:00pm for people to meet with him or her. You

can also get in touch with the city planner through city hall by calling 332-3681. Jodi Ferrin is replacing Nordstrom as the new city planning director. She also works for Gold Beach as their city planner. She was at Nordstrom's reception on Wednesday and people got a chance to meet her.

Chuck Nordstrom said he has reached the ripe young age of 65 and will stay retired now. He lives in Langlois with his wife and plans on eventually doing some traveling.

The City said goodbye to City Administrator Ken Knight on Thursday, September 1 with him and the council having come to a parting of the ways nearly two months ago. Knight was asked what was up next with him but at this point he didn't have any specific plans he would or could share with me.

### Irish Chautauqua By Carol Berger

An enthusiastic crowd filled the City Council Chambers to almost overflowing on Saturday night, August 27, to hear Jeni Foster present her program, "My Father's Immigrant Eyes: Songs and History of Irish Emigration to America." The program was co-sponsored by the Friends of the Port Orford Library and the Friends of Cape Blanco, and is an Oregon Chautauqua Program presented through the Oregon Council for the Humanities. Foster presented her first chautauqua program ever, here in Port Orford six years ago; this was her fourth presentation here. In addition to stories of how the Irish came to America, Foster played the guitar and sang a number of songs about Irish emigration, most traditional, and asked for audience participation in singing several of them.

Besides being of general interest, the subject of chautauqua relates significantly

to Hughes House at Cape Blanco, which was the home of Patrick Hughes, how emigrated from Ireland himself. After Foster told the fascinating story of why and how the Irish emigrated to America in vast numbers in the mid-1800's, Friends of Cape Blanco member Shirley Nelson told the story of Patrick Hughes.

In addition to Foster's most informative and entertaining presentation, the evening included refreshments provided by the members of the Friends of Cape Blanco and the Friends of the Port Orford Library, and a raffle of items provided by the Friends of Cape Blanco. Thanks go both organizations for sponsoring an enjoyable evening.

## Obituary

Ann Robbins, unofficial Mayor of Langlois, passed away the night of Saturday, September 3 in her sleep after a splendid day hosting Back to the Garden: A Celebration of Community Arts. It was a day of community and friends - and celebrated the creative spirit in all of us. Ann recently wrote the following piece:

### New Beginnings

In August 1987, I remarried after being a single mom of sixteen years. Two months later, I was diagnosed with breast cancer after my annual check-up. After I was released, I remember my doctor telling me, "Go live your life. Don't let the fear of cancer live it."

After a vacation in Oregon, which we fell in love with, my husband and I left our jobs, packed up, left Colorado and moved to Oregon. We bought an acre of land and started our life together.

I had been brought up by parents who loved to garden and my time had come. And garden I did with a

passion. Once again I took to heart what someone said: "If you're going to drag all those plants home, you might as well start a nursery."

On April 15th, 1993, Sweet Annie's Herb Nursery opened. On April 15, 2000, the nursery relocated because of personal circumstances.

This time, I was alone again. Because of the faith and love I had found in the people, I chose to remain in the area, and so I moved right into the heart of the small town close to where I had lived.

The nursery is now twelve years old, and I will soon be 65. Both of us keep evolving. There may be another "new beginning" in my future, but for now each time I step out my door into the garden is my new beginning.

Ann Robbins is survived by daughters JoAnne Appleton and Debra King; son, Sam King; her mother, Nona Funk; brothers, Gene, Tom and Steve Funk; sisters, Nancy Metzler, and Sally Staschke; and granddaughters, Sara and Megan Glassmeyer, Katie King, and Kelsey Hodges.

## Watercolorist Show

This Sunday, September 11 from 5 to 7pm, the Biscuit Art Gallery in Gold Beach will host a free reception celebrating the work of Curry County artist Shelly Wierzba.

The daughter of a prominent San Francisco area painter, Wierzba grew up in the midst of a vibrant artistic home and community. She has been an artist for 35 years, as well as a long time student of art and design. Only after early retirement from a medical career did Wierzba devote her full time to painting.

While watercolors are her primary choice, Wierzba also works with other media to create her art, which has been exhibited at shows and galleries throughout Oregon. Her series of paintings on child abuse prevention has been widely acclaimed and featured at events sponsored by children's advocacy groups.

"My challenge is to create arresting designs that excite me, and which will hopefully stir emotions in the viewer," Wierzba says, adding that human figure is her favorite subject "because there is always a story behind the image." According to Biscuit Art Gallery owner Ted Watkins, "Like all truly accomplished artists, Shelly has developed her own identifiable style which is present in all of her work, whether her light-hearted and whimsical creations that will make anyone smile, or her serious subjects which involve a provocative blend of sultry passion and spirituality."

Wierzba's work has received several honors and awards and, most recently, one of her paintings was accepted into the Northwest Watercolor Society Show, scheduled for later this year in Seattle. In addition to the many artistic associations to which she belongs, Wierzba is an advisor to the Biscuit Art Gallery, where

her works will be on display through October 14.

Complimentary refreshments and hors d'oeuvres will be served at Sunday's opening. The Biscuit Art Gallery is located at Gold Beach Books on Pacific Highway 101 and First Street in Gold Beach.

## Volunteer in Your School

Port Orford/Langlois Schools have a great need for parent/community volunteers. This is your chance to serve our kids, witness the hard work of the district staff, and feel the satisfaction of sharing your time and talents. Volunteers are needed for tutoring, classroom assistance, clerical and paperwork, helping teachers with a myriad of tasks, leading clubs/games, after school programs, crossing guards, recess duties, community service activities, presentors, and many more. We Are Open To New Ideas!

It is easy to volunteer. If you can share you time, talents, and/or expertise with our children just call the district office at 348-2337 to get on the volunteer list.

Working in the schools for our children is very rewarding and fun. Volunteer today!

### School Begins

The Port Orford/Langlois School District welcomes students back this week. Classes for kindergarten through eight grade began on Tuesday, September 6 at Driftwood, Blanco, and at Pacific High School for the ninth graders. Classes for those young people in grades 10, 11, and 12 began at Pacific bright and early on Wednesday morning, September 7.

Now for a reminder to motorists. The speed in the Driftwood School zone is 20 miles per hour—twenty-four hours a day, seven days a week so wake up and pay attention as the police department will be monitoring the school zone regularly. The Langlois-Blanco School Zone is 20 miles per hour when the lights are flashing.

No appointments needed.

## Men's Free Health Screening

A PSA blood test is not 100% reliable in detecting prostate cancer.

**Digital exams also are recommended.** Dr. Tom Pitchford will offer these free exams, on request. Details: Phone (541) 332-3861 or go to [www.curryhealthnetwork.com](http://www.curryhealthnetwork.com)

### Transitions

Actor Bob Denver has died at the age of 70. Denver is most famous for playing the role of Gilligan on the television comedy Gilligan's Island. It ran for three years on CBS and since it went off the air in 1967 continues to be shown in reruns.

Denver made an earlier mark in television history playing the role of Maynard G. Krebs in the popular television show "The Many Loves of Dobie Gillis" which was on the "air" from 1959 to 1963. Maynard G. Krebs was television's take on a beatnik and the word, which most frightened Krebs, was "work". Denver

will be remembered most though, for his role as the loveable Gilligan.

Ann Robbins, better known as "Sweet Annie" of Sweet Annie's nursery died in her sleep Saturday night. See the article about (and by) her elsewhere in this issue.

Services will be held for Valerie's father George this Saturday in Cleveland, Ohio. He died peacefully in his sleep last week at the age of 87. He loved to golf and is famous in the family for his comment, "A place for everything and everything in its place" which some of us still haven't learned. George and his wife Ruby enjoyed traveling and made it out to Port Orford several times. He served his country in World War II in the medical corps and then came home in December of 1945. He was a decent and hard working man with a lot of compassion for other people. He loved his wife dearly and was married to her for 63 years.

### Letter to the Editor,

I have just received information that 100% of my donation to America's Second Harvest will be aiding folks affected by Hurricane Katrina. I will be at the post office on Thursday, September 8th between 10: a.m. and 11 a.m. passing out flyers that encourage my friends and neighbors in Port Orford to come to the aid of the folks left stranded by the worst natural disaster in recent times.

Worm regards,

Paula Cracas

p.s. Drop off your donations at 'Neath the Wind Realty and America's Second

Harvest will send you a tax-deductible receipt.

[Editor's Note: You can (and should) check up on charities before donating to them. You can do this online at sites such as <http://www.charitynavigator.org/>. For more information and links, see <http://www.sls.lib.il.us/reference/por/features/98/charity.html> or search Google for "Charity ratings" (without the quotes.) America's Second Harvest was given three stars and is reported to devote 98.1% of its income to "program expenses" ie. to the purposes for which it was founded. This is a very good score. - Valerie]

Case solved! by Weld Champneys

9 year-old, detective, Jonathan Wilhite gathered clues from local galleries and shops to crack the case of "Who Crossed Out Charlie Chalkline?" in Port Orford Art Council's mystery tour game, revealing in only 16 minutes that it was Clara Clamdigger with a shovel. Jonathan won

tickets to the Shkspr play. Not long behind him, came others with the same solution for their choice of prizes: Karim Shoemaken and John Roorbach, Mary and Steve Taylor, Jackie Molett, Pat Terranova, Susan and Dave Shannon, Stephen Cisterna, Julie Beswick, Karen and Jim Auburn, Jazzlyn and Bayli and Katy Kraft, and Carol Berger. ## Coos-Curry Meeting

By Christine L. Stallard

Member / Public Affairs Director

The Coos-Curry Electric Cooperative Inc. Board of Directors held its regularly scheduled meeting on Friday, August 26, at the Cooperative's headquarters in Port Orford.

The Board discussed and acted on the following items.

**Financial Report:** Board members continue to closely monitor the financial condition of the Cooperative, provided reports that illustrate that revenues and expenses are in line with projections and are consistent with seasonal patterns of revenue generation and operating and maintenance costs. Overall, CCEC management has been accurate and realistic in its projections and the Cooperative is on budget in all areas of operations and electricity sales and purchases.

**Reports to the Board:** The board discussed power supply forecasts through PNGC Power and noted that the loss of generating capacity due to the summer spill requirement and Columbia Generating Station continue to be big issues for PNGC's member utilities and our Cooperative. Both the hydropower system and the Columbia Generating Station, a thermal generation source, represent unknown financial exposure and will not be fully understood until the end of summer when the Bonneville Power Administration reconciles the amount of power purchases needed – and market prices paid – to meet load requirements. Ultimately, these costs are passed on to utilities, including Coos-Curry Electric Cooperative, in the form of wholesale power rates. Staff reports including that of General Manager, CEO Werner Buehler and a report from the Oregon Rural Electric Cooperative Association were also presented to the Board. These reports were routine with no significant issues noted.

The City of Port Orford is seeking a Planning Consultant to provide technical assistance to amend the city's comprehensive plan and zoning regulations to create a refinement plan for a special area within the city. Duties will include:

- Setting Goals for the Community
- Collecting an up to date database of information regarding the existing land uses in the area, public facilities, vacant developable land, potential redevelopment properties, existing and future plans of affected public agencies (i.e. Port of Port Orford, ODOT, OPRD, etc.), and proposed development plans of private land owners.
- Meet with staff and Board of Directors of the Port of Port Orford to obtain information regarding existing and future development plans.
- Meet with staff, Planning Commission and Parks Commission of the City of Port Orford to obtain information regarding existing and future development plans for the city.
- Conduct a series of three separate public meetings within the City of Port Orford to involve the general public in setting goals and creating a new vision for future development within the proposed special area.
- Prepare a final report for Phase I of the project which includes:
  - A summary of the findings from the meetings described above.
  - The identified community goals and future vision for the special areas.
  - Recommendation(s) for proceeding with Phase II of the project and development of a refinement plan for the proposed special area.

Work to be performed under the direct supervision of the City Administrator through the Planning Director.

Total budget for Phase I is \$60,000 of which an estimated \$25,000 is dedicated for consultant services and \$5,000 for GIS services to be provided by Curry County. An additional \$30,000 of in-kind services shall be provided by the city.

Please submit your proposal and a statement of qualification by September 15, 2005 @ 4:00 p.m. to:

City of Port Orford / Planning Consultant Proposal

Port Orford, OR 97465
