### Thank You Port Orford By Evan Kramer

This is our final issue of Port Orford Today and also the final week our store is open for regular business and mainly I want to remember a few people and events and thank the people of Port Orford who supported us for 21+ years.

We started our paper, Port Orford Today!, in our house using a copy machine with the first issue coming out on November 2, 1990. It was one 8 1/2 by 14 gold sheet folded over. We had seven display ads including one from the Silver Door, owned by Paul and Pat Lee, which became known for the slogan "Remember the Silver Door". The only one of the seven original advertisers still in business is the Rick Cook Gallery. Rick Cook had enough faith in us to put in ad for his latest art show and it helped us get started. Thank you Rick. Looking back at all the businesses that have advertised in our paper reminded me how many stores, restaurants and art galleries have come and gone over the years. The pace of change even in Port Orford is relentless and it continues to this day.

Our second issue featured eight advertisers including the Port and Starboard Restaurant. The Smith Family

have been constant advertisers in this paper and we appreciate the early help. They are the only business left of the eight in that paper and I was constantly reminded of the amount of change in Port Orford since 1991.

We've had many people work with us at the Downtown Fun Zone over the past 21 years. We opened the store in February of 1991 and soon thereafter Glenna Smith started working for us. She was a very popular and well-loved person in Port Orford and did a lot to help us with the paperwork and billings. She was tragically killed in a one car auto accident on her way home for lunch on June 2, 1993 and is still missed. Later on Nancy Broadhead came to work at the DFZ and added her talents to the store. She was a dedicated, hard worker who later went on to work at the library. She moved to California after having had successful surgery for a cancerous tumor and later passed away down there.

Many other people have worked at this store but the one who has lasted the longest and had the most effect is Brenda Dell. She has been here over twelve years and has managed to focus on many areas and really made them her own. She handled the UPS shipping, business cards and rubber

stamps, the "front" room, ticket sales for different organizations, and much more. She is really more the face of this store than Valerie or I. Brenda also handled the reservations for the Port Orford Community Building for the past many years. This was another thing that went on here that was part of our volunteer efforts and one can only hope someone at the City wakes up and has the courtesy to thank Brenda as her efforts made it possible for people and organizations to rent the building. It brought in a few thousand dollars for the City coffers and it was Brenda who handled the transactions so professionally. And while the city is thanking Brenda how about them reconsidering their purchasing practices and shopping locally.

So many other people worked here over the years including Levi Thompson who has been holding up the fort on Saturday since we decided not to work on that day. Thanks to him and Ginelle Weber, Holly Klein, Sandy Eisman, Greg Broadhead, Flo Lichtig, Carol Malley, Larry Rhodes, and Tammy Fanning for their time here and for putting up with Valerie and I which was sometimes no small task. She may not have worked at the Fun Zone but Bonnie Allen who was the co-owner of the Seaweed Grocery

with her husband Michael was the heart and soul of this building and we miss her a lot. She was an excellent cook, businesswoman, friend and helped out so many people with their nutritional needs and questions.

Thanks also to Port Orford City Councilor Caroline Clancy for her efforts on behalf of the people of the City of Port Orford. She questions and probes city business on a level the other councilors don't and for that she is much appreciated. Keep asking questions Caroline and be a voice for Port Orford and remember to ask about the water rate study.

People keep asking me if we own the whole building at 832 N. Highway 101 which we bought in 1993. The answer is yes and we have two long time tenants and friends in the building who will continue to be here for your business. They are Carol Malley at Uptown Frames and Michael McDonough at the Seaweed Grocery and once our closing out sale is over remember this building

will be far from empty. The phrase "shop local" is spoken and written about constantly and is worth supporting but often many of us are all too willing to sacrifice our local businesses for supposedly lower prices. The quest for the best deal out of town or on the Internet cost the Borders bookstore chain their business but they are just a big example of what is happening in America as all the big video store chains collapsed as well along with countless small owner operated businesses.

The store is closing for business reasons as our business "model" so to speak was heavily reliant on video, DVD and game rentals and that part of the business has dropped way off. The other things we sell like computer parts and ink sales, photocopies, stationary, UPS, and Port Orford Today do not generate enough money to keep the store going any more. While we could reinvent ourselves and continue, we have both reached retirement age and chose not to make the effort. We appreciate the support the town has shown for us over the years but the main pillar holding us up moved over to NetFlix, streaming,

Red Box, free rentals and 250 channels on cable or satellite. The demographics of Port Orford have changed radically since 1991 with far fewer families with children coming in our store. The Port Orford Today free weekly paper was in the long run our most popular offering which has been proven to me over and over again in the past three weeks with an outpouring of support that has been overwhelming. It took a long time to gain this kind of acceptance as our paper isn't put out on newsprint, was never the paper of record for Port Orford or other government entities but over the years the people took it to heart and accepted it and looked forward to the latest offering. It started out as a free paper and ends up that way and is part of the trend in this country for free weeklies which you can find everywhere from Portland to Los Angeles. We printed more than a few letters to the editor over the years that upset many people but we always tried to print all sides and as much as we had room for in this small format paper.

What's next? We will reopen next Saturday and Sunday but only to sell off

the videos, DVDs, games and what we have left of the stationary and computer supplies and then we will decide whether to attempt to sell the building and land or rent our part of the building. We will continue to be part of the community but won't have much of a voice anymore without the Port Orford *Today!* It's an odd feeling but all things must pass as George Harrison once sang and so must the Downtown Fun Zone. The owners aged quite a bit over the years and it's time to retire. Thank you and thank you again for your love and your support over the years. Things are good in Port Orford so let's enjoy what we have here and all our fine people and businesses. And good luck to Theresia Hewitt who has purchased our duplicator and plans to have the first issue of her paper out by next Thursday. We wish her well.

### Bag It Comes To Port Orford

Community leaders at Rogue Natural Living are hosting a screening of the new, award-winning environmental documentary *Bag It* at the Port Orford Water Festival, noon, Saturday April 14.

*Bag It* follows "everyman" Jeb Berrier as he tries to make sense of our dependence on plastic bags. Although his quest starts out small, Jeb soon learns that the problem extends past landfills to oceans, rivers and ultimately human health.

The average American uses about 500 plastic bags each year, for about twelve minutes each. This single-use mentality has led to the formation of a floating island of plastic debris in the Pacific Ocean more than twice the size of Texas.

The film explores these issues and identifies how our daily reliance on plastic threatens not only waterways and marine life, but human health, too. Two of the most common plastic additives are endocrine disruptors, which have been shown to link to cancer, diabetes, autism, attention deficit disorder, obesity and infertility.

The screening at the Port Orford American Legion Hall, 421 11<sup>th</sup> Street, is part of *Bag It's* campaign to urge towns across the country to become "Bag It Towns." Doing so would require Port Orford to ban plastic bag use voluntarily or via ordinance and/or to pass an ordinance that places a small charge on single-use disposable bags. Cities including Washington, DC and San Francisco, as well as Ireland, Italy and China have already implemented similar policies to curb their plastic use.

Rogue Living recognizes the importance of reducing single-use plastic use for the safety of our community and environment. Rogue Living specializes in Organic Baby, Mama, Family, Detoxify Your Home, Office, School, Green Consultations, and we are soon to be a certified Holistic Health Coach. Rogue Living is located at 103 N. Redwood Hwy. Suite B, Cave Junction, Oregon or online at [www.RogueNaturalLiving.com](http://www.RogueNaturalLiving.com).

The Port Orford Water Festival and the Bag It Screening is open to the public.

### Police Chief's Report

I would like to address ORS 811.365 Making an illegal u-turn. We have been observing that many of the drivers have been making illegal u-turns inside of the City of Port Orford.

A person commits the offence of making an illegal U-turn if the person is operating a vehicle and the person turns the vehicle so as to proceed in the opposite direction in any of the following places:

Section (B) Upon a highway within the limits of an incorporated city between intersection.

Please pay attention to this, we have been issuing warning and a few citations for this violations. The fine for this violation is \$145 dollars or \$260 dollars if involved in a motor vehicle crash.

Over the last two weeks we responded to two separate business burglaries. The first was at Don Rey and the other at the Crazy Norwegians. Anyone with information are asked to call the Police Department.

Week of 04/01/2012 through 04/08/2012

04/02/2012 at 259 Sixth Street Burglary of Crazy Norwegians

04/03/2012 Outside agency assist for parole and probation department.

04/04/2012 Report taken reference phone harassment. Erin Gallagher was cited for two counts of phone harassment.

04/06/2012 at 1045 Twelfth Street Theft of fuel, report taken.

04/06/2012 Subject arrested for DuII and taken to Curry County Jail.

We are having problems with someone pushing over the stop signs and other signs inside of Port Orford. This may sound like a simple matter, but this is not. By knocking down these signs someone may get hurt or killed. The person who knocked down the sign or stolen the signs could be charged with a crime. Please leave the signs upright for the safety of this community. Our city public works department has plenty of other projects that need their attentions, not putting signs back up.

I want to thank Evan and Valerie Kramer for keeping this community updated

### Food, Books and More By Evan Kramer

Several people have asked me what my second favorite organization was in Port Orford after I mentioned my favorite organization is the Common Good after I wrote about them in the paper. I have voted over and over with my donations of money, food, and clothing to the Common Good and with money and books to the Port Orford Public Library

so these are the two organizations closest to my heart, wallet, and mind. Food is the building block of life and making sure people are fed is very important to me but the care and feeding of the mind comes in a close second and that's where our library excels. This doesn't take anything away from our other fine organizations like the Rotary Club, Community Ambulance, Senior Center and so many others which all deserve our support.

Elvis has left the building!

## Home For Sale in Port Orford, Oregon A 55 + Adult Community Park

This 2 bedroom home with 2 full bathrooms is in excellent condition and remodeled in 2006/2007. With insulated aluminum lap siding that never needs painting, new insulated vinyl windows, and a 30 year roof installed in 2006. A 48 foot attached carport on the north side of the house, with a 10x14 storage section under the carport. The house is surrounded with trees on two sides and a wetlands spring 100 ft below.

The 55 + adult community park is rustic, no paved streets or side walks, but neat and clean. Rent space is \$315.00 per month. No amenities are needed, the town has sidewalks, it's less than 2 miles long and you can walk anywhere, grocery store, bank, post office, restaurants, churches, all in less than 30 minutes. And no traffic lights to contend with. **There are two beautiful beaches within 15 minute walk and a park high above the ocean that you can drive to in less than 5 minutes.**

The living room, dining room, kitchen and hallway have DuPont laminated wood floors. The kitchen sink, counter tops, stove top, refrigerator, bathroom sinks, and hot water tank, (enclosed outside the house) all replaced in 2006/2007. The washer is older but the dryer is new 2011.

**Letter To The Editor,**

It's hard to think... to really think and process information today. It is a cognitive process that doesn't confuse "feelings" with critical thinking. It doesn't confuse sound bites, hearsay and just crap with the facts. When someone prefaces their comments with "I feel", you might be suspect of any factual content to follow.

Recently in the Port Orford Today, a claim was presented that the recently signed Executive Order (EO) of 16 March, 2012 is akin to some sort of dictatorial coup by the Obama administration. This uninformed conclusion is crap.

In 1950, President Truman signed in to law the Defense Production Act of 1950 (the "Act"), at the outset of the Korean War, to ensure the availability of the nation's industrial resources to meet the national security needs of the United States. As recently as 2009, a bipartisan vote by unanimous consent, affirmed the reauthorization of the Act. The 2009 reauthorization was co-sponsored by Christopher Dodd [D-CT] and Richard Shelby [R-AL].

see the video at  
[www.ElectSusanBrown.com](http://www.ElectSusanBrown.com)  
Paid for by the Committee to Elect Susan Brown

Title 1, Section 104 of the Act clarifies the limitations and constraints of the Act without having prior "Congressional Authorization".

Additionally, without further congressional action, this Act terminates on September 30, 2014.

The Executive Order of 16 March is titled, "National Defense Resources Preparedness".

The EO's "Sec 103" specifically addresses the "Act" with the intent to improve preparedness, communication, efficiencies and response within the Act.

This EO is not markedly changed from previous EO's related to the ACT.

Presidents since Truman have had the powers of this "Act".

Let that sink in for a moment...

## Letter To The Editor,

Since taking office, Commissioner Waddle's "management style" has been a series of petty pay-backs and personal vendettas.

Most public have been the departures of the former elected County Treasurer of twelve years, Izzy Brock, and the former Economic Department Director, Susan Brown. After many publicized incidents and the stripping away of her staff, Izzy Brock suffered health issues, took leave and ultimately resigned her office last year.

Waddle and Rhodes tried twice to get rid of Susan Brown and the Economic Development Department. The first time, while former county commissioner Georgia Nowlin was still on the board of commissioner, the public outcry and push back stopped their efforts. Last year, with David Itzen on the BOC, they succeeded. Now the lottery funds

for Economic Development go to the Commissioner's Office.

Less public, but equally disturbing are other incidents of attempted intimidation of county employees and department heads. In March, 2010, county planners bravely investigated and wrote up county and state violations involving a contractor and Commissioner Rhodes at the Brookings Airport. In response to their diligence, Waddle went down to the department looking for the director and "expressed his displeasure" in several ways, per a dept. memo. The two planners are no longer with the county.

Former Veteran's Service officer, Frank Van Meter also felt "an attempt to intimidate" expressed in a May 2011 county email to Waddle shortly before he retired four months later.

It's time to Vote Out Waddle and end his mean-spirited brand of "management."

## Happy National Library Week (April 8-14)

First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association (ALA) and libraries across the country each April. It is a time to celebrate the contributions of our nation's libraries and librarians and to promote library use and support. All types of libraries - school, public, academic and special - participate. The first National Library Week was observed in 1958 with the theme "Wake Up and Read!"

So wake up from a long winter and visit the Port Orford Public Library. Stop by this week to enjoy the new art display, attend Game Time on Saturday, read magazines, play chess, check your emails, read poetry in the kid's room, and—oh, yes—check out some books!

### This Week In The Garden By Jennifer Ewing

It has been a lot of fun writing these gardening articles for the Fun Zone paper this year and last year. Evan has been so kind and gracious to me as he deciphers my Underwood typewriter peckings and I want to thank him for allowing me to be a part of his newspaper.

The support and recognition from the community has been overwhelming and I thank you all for that.

I'm all about education in order to get to know a subject better and that is all I have tried to do is educate you new gardeners and the accomplished gardeners. My phone has rung with questions from the readers and I've gone to your homes to give advice and do consultations. The Port Orford Educational Demonstration Garden at the Senior Center is a living example of gardening for everyone to see. The Community Garden at Buffington Park is going on its third year of being sold out and I find that to be a great indicator of just how much gardening adds to your life and to the community.

Growing without chemicals, herbicides and pesticides is easy if you start with healthy soil and healthy plants. My motto is always 'Observe' your garden and its plants. Mother Nature will tell you what she wants and needs.

Keep up the good work, continue to educate yourselves and remember that I'm just a phone call away. Happy gardening! Thanks for reading T.W.I.G.

### Port Orford Weather Report

The City of Port Orford Public Works Department recorded 22.49 inches of rain in March. There were only five days during the month they recorded no rain. The most rainfall in one day was 3.54 inches on March 21 followed by 2.85 inches on March 30. The biggest two day total was on March 21 and with 6.11 inches of rain. The high temperature for the month was 64 degrees recorded on March 4 while the low temperature for the month was 32 degrees recorded on March 7.

Thank you to Alan Wagner and the city public works crew for providing us with this information. We thank the crew along with our police department, volunteer fire department and ambulance crew for making Port Orford such a functioning and livable place.

## Port Orford Jubilee News

The Jubilee would like to thank Evan and Valerie for their years of help. Without them who knows if our yearly 4th of July bash would have ever come off as big and smoothly as it has. Their aid will be sorely missed. To show how important they are/were, the Jubilee would like to announce that the talent/variety show has had a very large response. So big, that on June 2, 7:00PM, we are inviting our town and our neighbors to a bash of epic proportions. Dave Bartholomew, the Jubilees's talent director has reported that we can offer a show of two and a half to three hours long. Thanks to Chris Speed and the Savoy Theater, the Jubilee is asking for a \$10.00 donation, to view our talented locals and raise money for the fantastic fireworks show that we all have appreciated in the past. Let's keep it going. Tad - VP Jubilee@541-332-0207.

P.S. On the same but different note the Jubilee has procured a dunk tank for the Fourth of July festivities. Think of the possibilities. You don't like somebody, get them to participate. We are actively seeking out the most "hated" people in town. Tad and Milton have to make every list. Who wouldn't want to throw at them? We are on the list. No tomatoes. Anybody else?

The Jubilee wants to thank everybody for their past participation and future participation. The Jubilee is a non-profit organization just for the 4th of July.

## Letter To The Editor,

Lucie La Bonte is the best choice for County Commissioner. She knows our County and she understands how government, at all levels, works. She will bring solutions to Curry's financial problems and lead us into a secure and prosperous future.

monies into our County. She found other sources of financial support through aggressively seeking grants for various County departments.

She supports our fishing industry and has diligently protected the rights of fishermen. She has always supported sustainable uses of our natural resources. She has the vision to bring development in the right way. She seeks to solve our financial problems with jobs in industries that will be supported by our natural environment without harming it.

She has proven to be honest, innovative, and hard-working. We don't need the same worn-out suggestions to solve Curry's problems. We need Lucie La Bonte. Please join me in voting for Lucie on Election Day.

## Driftwood Wetlands Tour

The Port Orford Water Festival is this Saturday, April 14, from 10:00am to 2:00pm. The Water Festival is being hosted by the Port Orford Ocean Resource Team and the Surf Rider Foundation and takes place at the American Legion Hall and the Community Building.

Please join us at the Driftwood wetlands, behind the school at Washington and Twelfth Streets. Learn from students how to protect watersheds and help save the local environment, while clearing out invasive species to help save the Driftwood wetlands. For more information, call Cathy Boden at 541-332-5039. Please help us protect the native wildlife, other precious native species, and out local watersheds today.

### Letter To The Editor,

Dear Evan and Valerie: Your dedicated years to providing so many of us with so many services and talents have not gone unnoticed, although I know we have not said thank you anywhere near enough. From providing professional reporting of the news day in and day out, remarkable tech support for us prehistoric non connected sorts, to movies old and new, independent and mainstream, office supplies, attending countless meetings, putting up with irate and inconsiderate citizens....the list goes on and on. We have always counted on you both for truthful, straightforward

information and help. I doubt any of us will realize how much we counted on you until the doors truly close. You are a way of life in Port Orford. You have embodied what is great about small town life. Port Orford Today has been a much loved and admired gem. You will be missed on a daily basis.

Thank you for everything.

When going on a journey, take a loving thought along.

Sincerely,

Gayle Wilcox

### **Letter To The Editor,**

Well, I've been sitting here for about an hour now wracking my brain for the "right" words to express to Valerie and Evan, and yes, Brenda and Levi also, how we feel about the closing of the Downtown Fun Zone and Port Orford Today. Most of what I've come up with, while sincere and heart-felt, either falls short or sounds a little "hokey".

But then, looking over the last few issues of Port Orford Today and reading the "Say it isn't so" notice and the letters from "Reader in Bandon", Elijah and Beverly Hawk, and Jennifer Ewing I sense sincerity and warmth: nothing pretentious or self-serving. I can do no better.

Valerie and Evan, thank you for your civic devotion and unflinching integrity. You will be missed.

Damn! (or Darn!) I'm also going to miss those great travelogues. I think

you should send them, in the future, as "Letters To The Editor".

Respectfully

jim hajek

## Pistol River Concert

The Pistol River Concert Association proudly presents: James Keelaghan, at the Pistol River Friendship Hall, April 14, 2012, 8:00 pm

James Keelaghan is an artist who has proven to be a man for all seasons. As the calendar pages have turned, for almost a quarter of a century now, this poet laureate of the folk and roots music world has gone about his work with a combination of passion, curiosity intent and intensity.

Possessed of an insatiable appetite for finding the next unique story line, Keelaghan forges his pieces with brilliant craftsmanship and monogrammed artistic vision, making him one of the most distinctive and readily identifiable voices on both the Canadian and international singer-songwriter scenes.

“I’ve always had the urge to write,” says the Calgary native who has been calling Winnipeg home for the past few years. “Some things weren’t being said in the way I wanted to say them, some thing were not being written about at all. That’s why I started to write the histori-

cal material. That led me to writing my own personal narratives as well.”

Keelaghan is a disciplined visionary with several aces up his sleeve. He loves language and history, a subject in which he earned a degree; he is a skilled thespian, which explains his ability to make an immediate connection with a live audience; and he has an ear for memorable melodies and harmonies that make those melodies glisten.

“... Performance-wise, James is as classy and compelling as ever, his gorgeously rich baritone voice and exemplary guitar work the hallmarks of an artist in full command of his material and his resources.” - Nethrhythms

Tickets are \$15.00 and available at Wright’s Custom Framing in Brookings, and Gold Beach Books in Gold Beach. Tickets may also be reserved online at [www.pistolriver.com/tickets](http://www.pistolriver.com/tickets) or by calling 541-247-2848. more. It all happens 4 to 7pm, Saturday, April 14 —The Brookings 2nd Saturday Art Walk — and as usual, it’s packed with things to see, taste and listen to, including four special events.

First, 430 p.m. at Wright’s Custom Framing & Gallery, artist Dusanka Kralj demonstrates how she uses Golden Paints to create stunning abstract images.

Then, at 5:30 p.m. at Manley Art Center, Diane Price demonstrates her watercolor or painting techniques.

Following that — 5:30 p.m. at Brian Scott Gallery —artist Pete Chasar helps us get to better know artist and art instructor Sara Broderick when he interviews her as part of “An Artist’s Life series.

Special events then conclude at 6:00 p.m. at Chetco Public Library with a preview of the upcoming April 22nd Spring Concert performed by the new Brookings choir “Resonance.”

And, as in the past, refreshments are served at most venues, even those without special events.

### Ocean Frontiers Documentary:

*Ocean Frontiers: The Dawn of a New Era in Ocean Stewardship*, a new film by Green Fire Productions, is premiering across the nation—to inspire and mobilize communities from coast to coast to better manage and conserve America’s vital ocean resources. *Ocean Frontiers* will play at Southwestern Oregon Community College on Monday, April 23, 2012, 6:30 to 8:30 pm, at the Hales Center for Performing Arts on the Coos Campus. Oregon First Lady Sylvia Hayes and Co-Speaker of the House, Representative Arnie Roblan will both be joining us to introduce the film. The film premiere is free.

Green Fire Productions’ executive director and producer of *Ocean Frontiers*’ Karen Meyer stated, “At a time when conflicts over ocean resources dominate

## State Explores Options

The Oregon Office of Emergency Management (OEM) announced today that the Governor’s final appeal to FEMA for financial assistance for private homes damaged during the January 17 – 21 severe winter storm has been denied.

It was determined that the impact to Oregon residences did not meet the criteria established by the Stafford Act to qualify for the Individual Assistance Program. The state will explore all other options to assist people who had damage from this event. This includes other federal agencies, voluntary agencies and the private sector.

FEMA is currently working closely with the state and its local governments to provide assistance for damaged public infrastructure which was approved for 12 counties along with hazard mitigation grant money for projects statewide as requested.
